A-A'

The figure consists of two main cross-sectional views. The upper view shows a cylindrical component labeled 30, which contains three concentric layers or regions labeled 31, 32, and 33. Above this cylinder, there is an eye icon labeled 1, indicating a perspective view from above. Below the cylinder, a coiled spring is labeled 21. The lower view shows a more complex rectangular assembly. It features a base layer labeled 10. On top of this base are several rectangular blocks or pads labeled 11, 13, 44, and 110. Above these pads are other components labeled 12, 14, 15, and 16. A dashed box encloses a portion of the assembly, specifically around the pads 11, 13, 44, and 110. Labels 20 and 17 point to different parts of the upper section of this assembly.
